What did Chaplin receive from the **Queen of England***?

* The "*Queen of England*" is the head of state of the United Kingdom and 15 Commonwealth countries, including Canada and Australia.

Instructions: Read the text aloud.

Have you ever seen a Charlie Chaplin film? Chaplin took his work very seriously. He was not only an actor, but also a director, producer, and composed the music for all his movies. Chaplin worked very hard on each scene until it was perfect.

He filmed some scenes almost three hundred times until he was happy with how they looked. These movies showed his love for humanity and his belief that all people should be free. Unfortunately, Chaplin was criticized for his unpopular political views. As a result, in 1952 Chaplin left the US and moved to Switzerland.

The only time Chaplin came back to the US was to receive an Academy Award in 1972 for the important part he played in movie history. In 1975 he received a knighthood from the Queen of England, and died on December 25, 1977. In 1914 people loved him, and people still go to see his movies today. He was a clown, a mime and, most importantly, one of the greatest artists of our time.

The Present Perfect Tense vs. The Simple Past Tense

You use the Present Perfect tense to talk about a finished action or event that is connected to the present in some way.

You use the Simple Past tense to talk about a finished action or event **not** necessarily connected to the present.

You can use the Present Perfect tense to talk about experience. When you use the Present Perfect tense, you think about the past and present together. There is some connection between what happened in the past and now.

For example:

I have learned English = I learned English in the past and now I can speak English.

He has bought a painting. = He bought the painting in the past and now he has a painting.

Examples:

- *Have you ever seen a Charlie Chaplin film?*
- *Tom Hanks has won many Academy Awards.*
